|-----------------------------------------------------------------------------------------------------------------------------------------------------------|-----------|
| <b>Foreword</b>                                                                                                                                           | <b>iv</b> |
| <b>Introduction</b>                                                                                                                                       | <b>v</b>  |
| <b>1 Scope</b>                                                                                                                                            | <b>1</b>  |
| <b>2 Normative references</b>                                                                                                                             | <b>1</b>  |
| <b>3 Terms and definitions</b>                                                                                                                            | <b>1</b>  |
| <b>4 Material and energy efficiency in a supply chain</b>                                                                                                 | <b>2</b>  |
| 4.1 Roles of an initiating organization in a supply chain                                                                                                 | 2         |
| 4.2 Generation of material losses from the viewpoint of a supply chain                                                                                    | 2         |
| 4.3 Cumulative material losses in a supply chain                                                                                                          | 3         |
| <b>5 Principles for successful application of MFCA in a supply chain</b>                                                                                  | <b>3</b>  |
| 5.1 Commitment                                                                                                                                            | 3         |
| 5.2 Trust                                                                                                                                                 | 3         |
| 5.3 Collaboration                                                                                                                                         | 3         |
| 5.4 Shared benefit                                                                                                                                        | 3         |
| <b>6 Information-sharing on MFCA analysis</b>                                                                                                             | <b>4</b>  |
| 6.1 General                                                                                                                                               | 4         |
| 6.2 Sharing of process-related information on material flow                                                                                               | 4         |
| 6.3 Sharing of physical information on material flow                                                                                                      | 4         |
| 6.4 Sharing of quantified information on environmental impacts                                                                                            | 4         |
| 6.5 Sharing of monetary information                                                                                                                       | 4         |
| <b>7 Steps for the implementation of MFCA in a supply chain</b>                                                                                           | <b>4</b>  |
| 7.1 General                                                                                                                                               | 4         |
| 7.2 Preliminary identification by the initiating organization of material losses caused by suppliers or customers                                         | 5         |
| 7.3 Identification and agreement on opportunities for collaboration                                                                                       | 5         |
| 7.4 Selection of target for MFCA implementation                                                                                                           | 6         |
| 7.5 Agreement on scope of MFCA analysis                                                                                                                   | 6         |
| 7.6 Establishment of joint MFCA team                                                                                                                      | 6         |
| 7.7 Agreement on type of information-sharing                                                                                                              | 6         |
| 7.8 MFCA review and/or information-sharing                                                                                                                | 6         |
| 7.9 Identification of options for reduction in material and energy use                                                                                    | 6         |
| 7.10 Agreement on action plan                                                                                                                             | 6         |
| 7.11 Implementation of planned actions                                                                                                                    | 7         |
| 7.12 Monitoring progress                                                                                                                                  | 7         |
| 7.13 Review of the results and amending the action plan                                                                                                   | 7         |
| <b>8 Further use of MFCA information in a supply chain</b>                                                                                                | <b>7</b>  |
| <b>Annex A (informative) Case example: Supply-chain MFCA project related to the production of compressor piston parts for automobile air conditioners</b> | <b>8</b>  |
| <b>Annex B (informative) Information-sharing for MFCA in the supply chain</b>                                                                             | <b>12</b> |
| <b>Bibliography</b>                                                                                                                                       | <b>13</b> |
